INTERNAL AUDIT

Internal Audit is an independent assessment and appraisal within a organization which operates as a service to management by measuring and evaluating the effectiveness of the internal control system.

A well-developed system of Internal Control and Internal Audit is essential to enable constant monitoring of the financial activities in a organization. This process helps to bring about prompt corrective measures to remove deficiencies identified in the system. It examines value for money, effectiveness and efficiency of operation.

The schemes of departmentalization of union Govt. Accounts introduced in Government of India in 1976 envisages setting up of an efficient Internal Audit Organization to ensure both accuracy in Accounts and efficiency in operation of accounting set up. As such Internal Audit Wing was created in each Ministry under this section.
