Dear Sir/Madam,

With reference to the subject cited above, I have honour to state the fact that freedom fighter to Chacha Nehru and we live wonderful world that is full of beauty, charm and adventure. There is no end to adventure that we can have if only we seek them with our eye open.

November, 14th is a day of fun and frolic. I think, it would be an remainder to each every one of us to renew our commitment to children and teach them to live by Chacha Nehru's expectation and dream.

In 1917 he was stirred by the imprison of Annic Besant an Isish the osophist devoted to Indian freedom and subsesqently he joind actively in the Home rule league. The Amristsar massaere of 1919 in which 400 Indian were shot dead on order from a British officer fired Nehru's Nationalism and led him to join Gandhi, another greatest influence on Nehru's in 1919 he joined Indian congress where he was soon crowned in the leader. At time he met Gandhi and unitedly started their drive to free India from the shockless of British Rules.

In 1926-27 Nehru had visit Europ for his wife's treatment. During that visit, he attend an anti-imperialist conference in Bressels where he encountered communists, socialists and redical nationalist from Asia, Africa as result the goal of Independent social reform become firmly linked in Nehru minds and become convinced structure of society.

Freedom and power, bring responsibility. The responsibility rest upon this assembly, a sovereign body representing the sovereign people of India.

Before the birth of freedom, we have endured all the pains of labour and our hearts are heavy with the memory of this sorrow. Some of those pains continue even now. The ambition of greatest man of our generation has been to wipe every tears every eye.

To bring freedom and opportunity to the command man, to the peasants and workers of India to fight and end poverty and ignorance and discase, to build up prosperous, domecratie and progressive nation which will ensure justice and fullness of life to every man and women.

Phillipson M. Hatach

We are citizen of a great country on the verge of bold advantage and we have to live up to the high standered. We can not encourage communitism or narrow-mandedness for no nation can be great whose people are narrow in thought or in action.

To the nations and people of the world , we send greetings and pledge ourselves to cooperate with them in furthering peace , freedom and democracy.

His genuine love for children, his birthday is celebrated all over India as childrenday; November 14th is a day of fund and frofic a celebration of song and dance performance and television, special programs. It should be remaindered to each and every one of us to renew our commitment to the welfare of children and teach them to live by chacha Nehru's expectation and dream on 14th November 1889. The helpless children's work every where in both rural and urban India during formative period when they ought to be in the class rooms learning a trade or undergoing studies, poverty, illiteracy, social backwardness of parents a defective educational system and other compelling factor's force , millions of children to carry a burdens too heavy for their trail, tender sholders.

I express its deep concern our communal incident in which so many precious lives have been lost such incident, created by rapid communal elements are bolt on the fair name of our country.

I urge the Government of India , to implement effectively direction of President of India and Vice- President of India on the step to be taken to prevent communal incident and deal firmly with such occurrence recommended inter-alia that the official in charge of law and order including those responsibility for collecting intelligence should be held responsibility unless they prove that they had acted with due diligence in the discharge of their respective duties to prevent and control communal riots should be paid adequate compenion. The city/village are tension prone should receive special attention. This is for favour of information and necessary action. Thanking You.

Your Faithfully
P. M. Marak
