Sir,

### **Either citizenship or terrorism**

"All roads lead to Rome", but the roads are Delhi the roads are freedom means governs law, no man whereas law governs man, reason the law. "Reason is the mistress and queen (controller) of all things." Queen (Controller) like single queen in colonial honey bees and these most extremely powerful within their society. Its closely associated with such characteristically human activities as philosophy, science, language, mathematics, and art of human nature or harbinger or collegium means governs by god or nature and that's type of human is greatest philosopher and founder of social, political, legal economical system by his hypothesis. Hence, governs behavior under the law of supremo (person) or law and order means over on both mind and body is individual sovereign, no simple man. Without grace the law would be pointless law because king is under the law, no man, law is supremo, From roman jurist Ulpian -

- . he imperium of the people is transferred to the Emperor.
- . the emperor is not bound by the law.
- . the emperor's word is law. Emperor is the law making and abiding force.

As like this, not bound by any law supremo Netaji Subhash Chandra Bose is founder of social, political, legal economical Azad hind Bank Currency, Map, flag and Fauji (Azad hind Fauji)

Subhash Chandra Bose made our rule untenable. He mobilized mutinies in army and Navy and things became difficult for us. We simply handed power to Gandhi/Nehru because it was convenient

Hence, it is kindly pray to pending application dispose of.
